

## DIXON IS "SHOT" AT FROM MANY POINTS BY CAMERA ARTIST

"MOVIE" OPERATOR SPENT DAY  
TAKING MOVIES OF CITY  
AND IN PARKS.

### FIREMEN MADE SWIFT RUN

And Officer Lightner Showed Auto  
Speeders What To Expect  
In The Future.

From every one of her many points  
of advantage Dixon was filmed today  
by an expert "movie" camera op-  
erator and within a short time the films  
showing the best little city in north-  
ern Illinois will be ready for exhibi-  
tion. And everywhere the film maker  
and his escorts were given every pos-  
sible encouragement to make the pic-  
tures the very best possible.

The schedule, as announced in Mon-  
day evening's Telegraph, was follow-  
ed out on strict time and some excel-  
lent views were taken, including a  
panoramic view of the city taken from  
the top of the Nachusa Tavern early  
this morning. The views taken this  
morning included views of the lead-  
ing manufacturing industries of the  
city.

### Municipal Affairs.

This afternoon group pictures were  
taken of the city officials, the firemen  
and policemen, after which the fire  
department was shown in action. One  
view was taken of the men in their  
beds, their rapid dressing in response  
to an alarm and their flash down the  
brass poles in the station house.

Then a view was taken of the de-  
partment on a run, the auto truck  
and horse vehicles making a swift  
spurt down Second street from the  
city building, every movement being  
recorded by the machine.

### Lightner Gets Speeders.

Motorcycle Policeman Lightner  
chased some speeders in Henry Ken-  
neth's automobile, and he got them,  
too—but the picture machine failed  
to catch Lightner's spill against the  
curb in which, fortunately, he was  
not hurt.

Many scenes about the business sec-  
tion were "shot," after which the par-  
ty went to Lowell park to take some  
views, returning late this afternoon  
to complete the work about the busi-  
ness section.

### APPROVES BENEFIT EXEMPTIONS

(Associated Press.)  
Springfield, Mich. 30.—Gov. Dunne  
today approved Representative Sme-  
ckal's bill exempting from taxation  
the net value of the benefit certifi-  
cates of fraternal insurance societies.  
The bill passed the senate this fore-  
noon.

### TO OBSERVE LINCOLN'S BIRTHDAY

Springfield, Ill., March 30.—A pro-  
clamation calling for the observance  
of the semi-centennial of the death of  
Abraham Lincoln on April 15 has  
been issued by Governor Dunne. The  
governor directs that flags be placed  
at half mast on all public buildings  
and urges that the day be fittingly  
observed in the schools.

## Burbank Never Had Lesson In Botany In His Life

The people of Dixon and vicinity  
are exhibiting an intense interest in  
the lecture to be given at the Family  
theatre Thursday afternoon on Lu-  
ther Burbank, the great plant archi-  
tect, under the auspices of the A. L.  
Geisenheimer Co., for probably no  
man has ever done more for the in-  
crease and enlargement of plant life  
than the great Californian. The lec-  
ture will be delivered by Frederick  
Boegle and will exhibit an inside his-  
tory of the great naturalist.

"I never," said Burbank in a recent  
interview, "had a lesson in botany in  
my life. If I had," he added with a  
quiet smile which punctuates so many  
of his remarks, "I might never have  
done what I have. I cannot," he con-  
tinued, "imagine anything more cal-  
culated to destroy a love for plants  
than a course in botany as it used to  
be taught. Today learners are taken  
out to the woods and an effort is now  
made to cause the subject to live for  
them; then the whole idea of teach-  
ing centered in the cataloguing of  
dried mummies. The fact is that the  
plants are just as alive as animals or  
human beings. They have their likes  
and dislikes and respond readily to  
recognition of the fact."

When once this is realized, he de-  
clared in answer to a question, there  
is no limitation to what may be done  
with them. No limits at all. "Nothing  
is impossible," he said. "Why, Edison  
has been saying the same thing about  
his discoveries; there is nothing, he  
declares, that you cannot invent. See  
how the Monitor has succeeded in an  
effort which was declared to be impos-  
sible. My own great difficulty is time.  
Eliminate that and you eliminate fail-  
ure. You see, an experiment may take  
six months or ten years. One of the  
first things I was asked to do after I  
came here was to produce a new pea-  
nut."

## F-4 Is Dragged Slowly Toward Shallow Water

Officials Hope To Save Subma-  
rine But Give Up Hope  
For Crew

(Associated Press.)  
Washington, D. C., March 30.—  
The submarine F-4, which sank at the  
entrance of Honolulu harbor, has  
been moved 300 feet toward the  
shore by vessels with cables. At 3  
o'clock this morning no further de-  
tails had been received at the navy  
department.

Searchers for the lost submarine  
reported late Monday that they had  
determined the location of the ves-  
sel within a radius of fifty yards, and  
that it lay at the bottom of the  
mouth of Honolulu harbor in water  
ranging from 43 to 60 fathoms in  
depth.

This information was received in  
a cable from Rear Admiral Moore at  
Honolulu.

While there is hope of saving the  
F-4, it is not believed any of the crew  
of twenty-one will be found alive.

Honolulu, March 29.—Naval offi-  
cials said today that they had aban-  
doned hope of rescuing the twenty-  
one men aboard the submarine.

A diving bell being built under the  
supervision of W. C. Parks, a civil  
engineer, and expected to aid in the  
finding of the F-4, may be ready for  
use late today. The bell is a fifty-  
four inch iron pipe, seven feet in  
length, fitted with glass portholes.

It is planned to lower this diving  
bell with an observer inside connect-  
ed by telephone with a vessel above.  
The bell will be moved as directed  
by the man below until the subma-  
rine is found. The observer will  
then direct the placing of hoisting  
cables.

## WILL GIVE LECTURE ON SPAIN FRIDAY

MISS ANNA DENNISTON, COUSIN  
OF MRS. CHAS. SHEFFIELD,  
AT M. E. CHURCH.

Miss Anna Denniston of Fon du  
Lac, Wis., will give an illustrated  
travelogue of Spain and Tangiers in  
the Methodist church Friday after-  
noon at 3 p. m.

Miss Denniston, who is a cousin of  
Mrs. Charles Sheffield of Grand De-  
tour, received an extended education  
in art in this county and then con-  
tinued her studies abroad.

Her travelogue is illustrated with  
a large number of water color sketch-  
es made in Spain and by chalk talk  
sketches drawn before her hearers  
during the address.

She is very highly recommended  
and comes to Dixon directly from  
Rockford where he has just given  
two travelogues.

This unique method of combining  
interesting information with a rare  
art exhibit will undoubtedly attract  
a large audience. The lecture is given  
under the auspices of the Ladies'  
Aid society of the church.

While here Miss Denniston will be  
the guest of Mrs. Sheffield at Grand  
Detour.

The address will be open to the  
public.

## UNCLE SAM'S ARMY ON MEXICAN BORDER TO CONTROL AFFAIRS

WAR DEPARTMENT CONFIDENT  
TROOPS WILL HAVE SITU-  
ATION WELL IN HAND.

### THREE BATTERIES OF ARTILLERY

Will Protect Brownsville From the  
Danger Growing out of Battle  
Across River.

(Associated Press.)  
Washington, March 30.—With the  
arrival of the United States troops  
at Brownsville the war department is  
confident the border situation is well  
in hand.

Washington, March 30.—The war  
department this afternoon ordered  
three batteries of artillery to proceed  
from Fort Sam Houston at San An-  
tonio, Tex., to Brownsville for duty.  
If necessary, in protecting the Ameri-  
can city from danger growing out of  
the artillery battle between Villistas  
and Carranzistas across the river.

At the same time one regiment of  
infantry was ordered held in readiness  
at Texas City, Tex., fully equipped  
and ready to proceed to Brownsville  
at a moment's notice.

This action by the war department  
followed a dispatch from Major Gen-  
eral Funston, in command of the  
United States forces on the Mexican  
border, in which he said the situation  
was serious and that the use of United  
States troops might be necessary.

### Oregon Back to the Job.

Washington, March 30.—The wheel  
in Mexico City is about to be given  
another turn and General Obregon  
may soon succeed the Zapatistas in  
possession of the capital, according  
to advices received here.

Reports that the Zapatistas are to  
evacuate the city again were dis-  
cussed with Secretary Bryan by Sir  
Cecil Spring-Rice, the British ambas-  
sador. The ambassador was consid-  
erably disturbed over the information  
he had indicating that the foreigners  
in Mexico City are once more to be  
exposed to the dangers of a city under  
no control.

### British Alarmed Over Foreigners.

There is also some anxiety at the  
British embassy regarding foreigners  
in the Tampico area. The embassy  
has been assured that the United  
States will have ships there to pro-  
vide a safe refuge for foreigners in  
case the situation becomes critical.  
The state department is advised that  
while there is still some fighting at  
Ehano, there is no immediate pros-  
pect of a battle at Tampico. The oil  
companies with properties near Ehano  
have already suffered considerable  
losses as a result of the operations  
of the contending forces and many oil  
tanks have been damaged.

### SUES FOR HEDGE CUT DOWN.

In the circuit court today Attorney  
Harry Edwards representing Clayton  
W. Bowers entered suit for \$1,000  
against A. D. Knapp, both parties be-  
ing residents of Ashton. The plain-  
tiff owns land adjoining Mr. Knapp  
and there was a hedge near the di-  
viding line of the two farms and re-  
cently some 80-rod of the hedge was  
cut down by Mr. Knapp. The plain-  
tiff alleges that the same be-  
longed to him and hence the suit.

## NEW RECORD OF VISITORS AT "Y"

THREE HUNDRED AND SEVENTY-  
FOUR VISITED BUILDING  
ON MONDAY.

A new baby grand pocket billiard  
table was today in the lobby at the Y.  
M. C. A. rooms, thus giving three ta-  
bles for the use of the members. The  
demand has been so great that per-  
sons had to await their turn to play.  
The board is using every means to  
attract young men to the building.  
Yesterday the high water mark was  
reached in visitors at the building for  
one day, 374 visiting the building be-  
tween 8:30 a. m. and 9 p. m.

### MISS SMITH WON PRIZE FOR NAME

Miss Elsie L. Smith of North Dixon  
has been awarded the prize offered  
by James Cledon for the person sub-  
mitting the most appropriate name  
for the new drink which he recently  
began serving at his soda fountain.  
The judges met Monday and picked  
Miss Smith's offering of "Limello" as  
the best of all, and accordingly she  
will have her selection of the prizes  
offered by Mr. Cledon.

## Court To Decide Objections Filed To Inlet Growth

Judge Crabtree Decided Import-  
ant Phase of Case Monday  
Afternoon

In the county court Monday after-  
noon a continuance in the hearing  
on the petition to take in more land  
in the inlet drainage district, was  
taken up; the proposition up for  
settlement was as to whether or not  
the court or a jury should pass upon  
what land should be annexed. Sev-  
eral of the objectors demanded a  
jury trial while a large number were  
favorable to have the court decide  
the question. The attorneys for the  
district contended that the ques-  
tion of annexation was purely statu-  
tory and therefore was motion made  
for the court to hear the case. After  
the arguments had been heard Judge  
Crabtree ruled that the court should  
pass upon the same and the court  
was adjourned until Monday, April  
19.

It was agreed that the hearing on  
the objections should start with those  
from the east end of the district near  
Steward and then work down to the  
end of the district near Amboy. The  
first attorneys to present and argue  
their objections will be Gardner and  
Erwin. They represent owners of  
about 500 acres of land which it is  
wished to take into the district, the  
same being divided in forty tracts.  
On the completion of the hearing of  
these objections the next down the  
ditch will be taken up, and so on.  
The court will pass on what land is  
to be annexed and from the large  
number of objectors it is estimated  
that it will take some three weeks  
to complete this part of the proceed-  
ure. With this out of the way a  
jury will be called to pass on the  
benefits to be derived by each tract.  
This means that the case will occupy  
the attention of the court into June.

## GEHANTS PURCHASE BEALE TILE FACTORY

WEST BROOKLYN INSTITUTION  
CHANGES OWNERSHIP SAT-  
URDAY AFTERNOON.

The tile and brick factory located  
at West Brooklyn, Ill., which has  
been owned and operated by J. M.  
Beale & Co. of Paw Paw and West  
Brooklyn for the past twenty years  
was sold Saturday afternoon. The  
purchasers are Messrs Henry F.  
Frank J., Laurent E., and Andrew  
Gehant of West Brooklyn. The four  
brothers took charge of the property  
immediately forming a co-partnership  
to handle and continue the busi-  
ness. The Beale's continue to own  
and will operate the factory at Paw  
Paw as well as one at Earlville. The  
consideration is \$5,999. Frank J.  
Gehant, the only one of the four  
brothers who is retired, will very  
likely look after the management of  
the business until further plans are  
developed by the new concern.

### ALLIES ORDER WISCONSIN AUTOS

Appleton, Wis., March 30.—An Ap-  
pleton automobile firm has received  
orders for \$1,500,000 worth of auto-  
mobiles for the European allies.

### JOHNSON HAS SMALL HEART

(Associated Press.)  
Havana, Mich. 30.—Johnson and  
Whiard were measured again today  
and both are pronounced to be in ex-  
cellent condition. One doctor said  
Johnson had the smallest heart of  
any man he has ever examined.

## "He Is Risen;" Famous Painting Typifies Spirit of Eastertide.

This famous painting of Ploekhorst typifies the religious spirit of Easter.  
It was painted in 1825 and is entitled "He Is Risen." Christians of America  
this year will praise Christ's name because of the peace that the United  
States enjoys while most of the rest of the world is at war. Christ rose to  
save the world. Christians realize that the salvation of the world is not yet  
accomplished when such terrible wars as the present are possible, and pray-  
ers will be offered this Easter for a fuller and deeper realization of the spirit  
of peace which Christ preached.

## "KEEP OFF THE GRASS" SIGNS ARE IN ORDER

PEDESTRIANS MUST KEEP ON  
WALKS AT COURT HOUSE  
HEREAFTER.

During the winter a number of  
persons have made a practice of tak-  
ing short cuts through the court  
house yard and a path has been  
made from the southeast corner of  
the block to the northwest corner.  
Caretaker George Eichenberg has  
taken considerable pride in keeping  
up the lawn and the grass has been  
trampled down. He will this week  
sow some grass seed on the lawn in  
order to get it in condition for the  
summer, and Sheriff Phillips, cus-  
todian of the grounds has issued an or-  
der that in the future all persons  
must keep to the walks in passing  
through the grounds.

## WALTON EQUITY IS GRANTED LICENSE

NEW CONCERN GIVEN RIGHT TO  
INCORPORATE IN SECRE-  
TARY OF STATE.

(Special to the Telegraph.)  
Springfield, Ill., March 30.—Sec-  
retary of State Stevenson today is-  
sued a license to incorporate in the  
Walton Equity Exchange of Walton,  
Lee county, Ill. The capital stock  
of the corporation is placed at \$5000  
and its object is to deal in all kinds  
of products of the farm, lumber,  
farm machinery, etc. The incorpor-  
ators are Charles F. Welty, Austin D.  
Cahill, Carl C. Ackert, Austin J.  
C. Malley and George Meurer.

### DOWNINGS GLASSES RETURNED

B. F. Downings informed the Tele-  
graph today that a pair of automo-  
bile glasses for which he had been  
looking for over a year, and which  
last week were advertised in the  
Dementtown Boings, were re-  
turned yesterday by the man who  
Rockford where she has just given  
turn them. Wherefore Mr. Down-  
ings says the Telegraph is the one pa-  
per in which to advertise.

Mrs. Mike Cunningham of Nelson  
spent the day here.

### OFFERS LAND TO BULGARIA

Makes Big Proposal To Obtain Neu-  
trality of Bulgarians—Daily  
War Summary.

### WAR SUMMARY.

(Associated Press.)  
It has been officially announced  
acropplane dropped bombs on a Brit-  
ish warship outside the Dardanelles,  
but there is no information whether  
the battle suffered any damage.

### SAYS FORTS WILL STAND.

Large bodies of Turkish troops are  
being assembled at Smyrna to pre-  
vent the landing of the allied troops  
which were conveyed to Smyrna on  
transports.

At Bucharest, Field Marshal von  
Der Goltz, German military com-  
mander at Constantinople, who is  
enroute to Berlin, is quoted as say-  
ing that the Dardanelles forts will  
be able to resist any assault from  
the sea.

### ITALY MOVING TROOPS?

The concentration of Italian troops  
along the Austrian frontier is said,  
by Geneva to have begun.

### GERMANS FAIL IN EAST.

Petrograd announces that the Ger-  
man offensive movement in Northern  
Poland has failed.

### TURKS MAKE OFFERS.

An Athens dispatch says that the  
report that Turkey has offered Bul-  
garia the B Enos-Media line as a  
boundary in exchange for Bulgarian  
neutrality has been confirmed. The  
territory involved includes Adrian-  
ople and other important towns.

### HOLD UP ARTILLERY.

It is reported that Bulgaria is  
holding up large quantities of Ger-  
man artillery and ammunition des-  
tined to Constantinople.

### BOMBS DROP ON RHEIMS.

An aviator threw bombs on the  
city of Rheims and wounded two per-  
sons, according to the Paris report to-  
day. The Germans were forced to  
retire in disorder from the village of  
Jeuicourt, otherwise yesterday was  
quiet.

### BERLIN STATEMENT.

According to today's Berlin state-  
ment the East Prussian landstrum  
distinguished itself with the fighting  
that led to the occupation of Taur-  
gen, Russia, taking 1,000 prisoners.  
The statement add that near Kras-  
nopol 2,000 Russians were killed and  
2,000 captured while on the Skwaz-  
in 100 were captured.

### BRITAIN PROHIBITION?

Drastic prohibition faces the United  
Kingdom. Employers and labor  
leaders are backing Lloyd George  
who yesterday said drink was a dead-  
lier foe to the British than the Ger-  
mans and Austrians.

### BOAT FROM AGUILA IS SAFE

(Associated Press.)  
London, Mich. 30.—The missing  
boat from the British steamer Aguil-  
a which was sunk by a submarine, con-  
taining fifteen members of the crew  
and two passengers, has reached safe-  
ty. It is now supposed that nine lives  
were lost when the Aguilá sunk.

## Iowa Railroad Commission Fighting Increased Rates

(Associated Press.)  
Chicago, Mich. 30.—Clifford Thorne,  
chairman of the Iowa railroad com-  
mission, in behalf of the protesting  
shippers in the western railroad  
freight rate hearing outlined before  
Interstate Commerce Commissioner  
W. M. Daniels today the opposition  
of the shippers to the freight rate in-  
creases proposed by 41 western rail-  
road systems.

The railroads are seeking to have  
present rates increased on certain  
commodities which, they assert, at  
present do not yield them a fair pro-  
fit. The total increases, if granted, ac-  
cording to the railroads, would in-  
crease their revenue \$10,000,000 per  
year.

The railroads have been presenting  
their side of the case since March 4.  
Mr. Thorne's statement at the hear-  
ing today was the beginning of the  
shipper's case. He said:

## GARAGES.

A garage is a boarding and feed stable for automobiles.

The word "garage" was invented in France, as was "chauffeur," "limousine," "limousine" and many other useful derivatives.

We build the most successful automobiles in the world in this country, but we have to import most of their vocabulary from France. The home made derivatives do not seem to give as good satisfaction except in case of trouble.

A garage consist of a two-acre floor with a roof and a front door. It also has a proprietor, who spends his life surrounded by automobiles of all sort, and who has to walk 188 yards to open the front door whenever a customer toots outside. The garage keeper is about the only man who has to walk at all nowadays.

The garage also has walls but they are very thin and impermanent. It would not do to build a garage with thick walls because this would interfere with the favorite sport of the au-

tomobile driver which is to set his reverse gear by mistake and back mer-

ly through the side of the building. Garages are also equipped with repair shops which can take an automobile so completely apart in one day and it takes the head mechanic three weeks to find the fragments. These machine shops are always filled with auto cadavers and small parts such as wheels, tops and cylinders which have dropped from the dissecting tables and are waiting for the Judgment Day in order to be reassembled.

After a man has bought an automobile he takes it to the garage keeper who agrees to support it in the style to which the catalog said it was accustomed. If he is a good garage keeper he does this for about \$25 a month. If he is a wicked garage keeper he takes in the automobile on account at the end of the third month and sends the owner a bill for the balance.

There are many bad garage keepers but none of them are millionaires. How they escape this is a mystery. They must be the worst business men in the world.

There are also a few horse garages in this country but nobody is interested in them and they are becoming steadily less in number.

## Dementtown Doings

Did you get in the movies? It's your own fault if you wanted to and didn't, provided of course you are a regular reader of the Telegraph and noticed the schedule which was printed in this paper.

What a pity the camera man didn't have his machine on the job yesterday to catch George Slothower in his tragic comedy "Money, Money, Whose Got My Money?"

We once heard a woman say that at a recent musical she had attended "she" just drank in the Melody in F. We've recently discovered just how she drank it—from a Rubenstein.

Rooms over a bowling alley should be great for those who desire absolute quiet. At most any time one could hear a pin drop.

There's one thing we have to hand it to Jonah for—he never went into vaudeville after his famous whale stunt.

## A Fish Story.

Fred Hammarstrom is some fisherman—in fact he is recognized as the most proficient fish getter in Dixon, and Fred always likes minnows for bait. Having no minnow tank at home he carefully fixed up a scheme for keeping his bait which was worthy of one of the officials of the state department, and he had no

doubt after he had dumped over a hundred of the finest minnows you ever saw into the watering trough at the postoffice corner that his troubles in keeping bait were over.

Therefore it was with great pride that he summoned a newspaper man Monday and mysteriously conducted him to see something "pretty slick." Quietly we approached the watering trough and Fred triumphantly said: "Now take a look in there. Aren't those the finest you ever saw?"

All we could see was a lot of green moss—by the way why don't the street department flush out those water tanks? But Fred persisted in telling us there was something else, so all of us—Fred and us—started a minute and careful examination, at the end of which Fred informed us in tones of thunder: "Some son-of-a-gun has stole 'em."

The moral of which is not to weigh your fish until you get the scales.

Company G's rifle team was victor over the crack shots of Co. E. of Sterling in their inter-company match held at the local Armory Monday evening, Dixon thereby evening up the series. Dixon's victory of ten points was made possible by the excellent shooting of Salisbury who scored three perfect scores in the four positions, and who also assisted the other members of the team by his excellent coaching. IN EUROPE.

Dr. T. O. Edgar of Chicago, who has recently assumed the practice and offices of the late Dr. C. A. E. Lo-Sage, has had an experience in connection with his preparations abroad which few men have equalled. For Dr. Edgar was in Vienna when the great continental struggle broke forth. At the time the hostilities started Dr. Edgar was in charge of the eye, ear, and nose departments of the University of Vienna, which position he had held for over a year, and during that time he gained exceptional special practice and instruction in his line.

IOWA R.R. COMMISSION  
FIGHT INCREASED RATE

(Continued from Page 1.)

& Texas railway was introduced. Nothing further need be said. This commission and the public knows whether they represented typical lines or weaklings. This procedure is in marked contrast to that pursued by the eastern railroads, where the chief executives of the representative lines testified.

"We will show you that three-fourths of the traffic in this territory is being handled by companies that are earning, above all operating expenses, all taxes and 20 percent on bonds and debt, from six to sixteen percent on all their capital stock outstanding in the hands of the public.

"Heretofore the railroads have been far better equipped than the shippers in cases involving rates; but in the present case the commission of sixteen western states, in compliance with state laws, have secured the services of an eminent corps of expert accountants and statisticians, and are looking after the interests of the public.

"Joined with the commission are the representatives of upwards of 300,000 manufacturers, merchants, grain dealers, live stock dealers, and other producers, and consumers scattered throughout the territory.

"Never before has there been such an extensive organization on behalf of the public in any case.

"In the gathering of this material, every courtesy possible has been extended to us by all the railway companies, with only one exception.

"We will demonstrate to you some mistakes in the figures offered by the railroads. We do not call them misrepresentations, for all of us are liable to err at times. Some of these errors are small and of little importance, while others are basic and fundamental.

"It is not necessary for us to parade glaring, sensational incidents of high finance or questionable acts. It is a cold blooded business proposition. The famous Gould printing press scandal, where they made Erie stock over night, an incident that will probably be famous for all time, only involving some \$23,000,000.

"The present movement for increased freight and passenger rates involved several times that sum of money, not just at one time, but every year, now and in the future, for this and future generations to pay.

"The impression has been given that railroads have not been able to maintain their properties during recent years, that they have been compelled to retrench so severely that the public has been injured, as well as the railroad properties. This is true as to some railroads, but we will show you it is absolutely untrue as to western railroads as a whole. As in all business, there are temporary periods of depression when the railroads as a whole, including both the strong and weak lines, are compelled to retrench in their expenses for a time. It will be conclusively proved to you that these western carriers expended in 1914 in maintaining their properties \$2,800 per mile of line, which was greater than in any other year in their history.

"It will be proved that the railroads in western territory as a whole have actually expended in maintaining their properties during the last five years an average of \$50,000,000 a year more than for any preceding five year period since the first railroad was built in this territory. Every railroad witness who took the stand admitted on cross examination that they were maintaining their properties at a higher standard during the recent years than ever before.

"It will be shown to you that the decline in the percentage of operating income on property investment, upon which the carriers are relying so very strongly, results from a change in the system of accounting and not from any operating condition.

"During the year 1914, as all the people know, there was a world wide business depression. In the United States, the grain crops of the preceding year fell over 900,000,000 bushels.

"In the exhibits that will be offered it will be shown that in 1913 the net revenue of the railroads in western territory as a whole, above all operating expenses, amounted to \$420,000,000, being the largest with only one exception, 1910, since the first track was laid west of the Mississippi.

"The average net revenues of these railroads, during the past five years, averaged \$400,000,000 per year. This was greater than during any five year period prior to 1913 in their whole history. It will be proved that the percentage return of net corporation income on capital stock outstanding in

1913 was more than double what it was sixteen years ago, and five times greater than it was twenty-five years ago.

"On the first day of these hearings we announced that we expected to prove these railroads have been building many additions and betterments, which they were charging to operating expenses. In other words, after paying a return on their investment, we have been building their properties for them, and then are required to pay a return not only on their investment, but also on our investment, on what we build for them. This is fundamentally unsound and unjust.

"President Eelton of the Great Western, frankly admitted on direct evidence that practically one-half of the cost of additions and betterments could be charged to operating expenses, and that very large sums were so charged during the past four years. President Bush of the Missouri Pacific admitted that large portions of the cost of rebuilding his road during recent years had been paid out of operating revenue, and charged to expenses. Mr. Wetling, a witness for all of the railroads, made a similar admission, but was unable to state how much of that had been so charged. The magnitude of the sum involved may be grasped, when it is noted that Mr. Wetling's exhibit shows that over \$700,000,000 have been expended in additions and betterments by these western railroads during the past seven years. It is safe to say that the cost of additions and betterments, amounting to several hundred million dollars, has been charged to operating expenses by these western railroads during recent years. So long as this practice is permitted to continue, it is going to be exceedingly difficult to determine just what are the net earnings of our railroads.

"When prosperity is at its very highest, the railroads can show the lowest net earnings by simply building a larger amount of improvements thereby reducing automatically their net income.

"We are perfectly willing to pay the people these gentlemen represent an adequate return for their investment such adequate return to include a reasonable surplus for tiding them over lean years but we are absolutely unwilling to build their properties for them and then pay a return on what we build."

## FIVE MILE SKATING RACE TONIGHT

In an interesting two-mile event at the Dixon roller rink Saturday evening Hal Smith of the Coliseum rink at Rockford defeated Martin O'Donnell of the Riverview rink, Chicago, and a big crowd of skaters enjoyed the race. This evening a five-mile relay race will be staged between Smith and McCoy on one team and O'Donnell and Truth on the other.

FRITZ TEAM GAINS  
BY WINNING THREE

FOOLE'S BOWLERS WERE INCONSISTENT IN MONDAY EVENING'S CONTEST.

Fritz' team made it three straight games from Poole's men at the Brunswick alleys Monday evening, thereby gaining a lap on the leaders in the percentage column. Poole's men did not do consistent bowling and fell down in many of the frames. The score of the games is as follows:

	Fritz.	Poole.
Lievan	157	185
Fritz	180	195
Devine	154	155
Kelly	157	171
Raifensberger	170	176
	818	882
	777	746

## Match Game Tonight.

A match game will be played this evening at the Brunswick alleys between a bowling team from Mt. Morris and Oregon. In case one or the other of the teams do not show up the Dixon bowlers have agreed to get together a picked team and play the visitors.

### Ladies Aid Meets.

The Ladies' Aid society of Nelson will meet Wednesday afternoon at the home of Mrs. J. B. Stitzel.

### Choir Practice.

There will be a special rehearsal of the choir of St. Paul's Lutheran church, this evening, directly after the evening service.

### Entertained at Dinner.

Mrs. Jessie Gardner entertained Mrs. Nellie Potter and daughter, Florence at 6 o'clock dinner last evening.

### Daughters of American Revolution.

The April meeting of the Daughters of the American Revolution will be held at the G. A. R. hall Saturday afternoon at 2:30 o'clock. The hostesses will be Mrs. Petrie and Mrs. Cupp. The paper on Rebekah Motte, Mary Draper, Merle Warren, will be read by Mrs. Law. Miss Pratt will give a reading.

### Entertained Sunday.

Mr. and Mrs. Fred Jurgens of Sterling pleasantly entertained Sunday at dinner, Mr. and Mrs. J. D. Van Bibber and three children of Dixon, Mr. and Mrs. Charles Powell and two children of Polo, and Mr. and Mrs. Peter Dietz and son of Montmorency.

### Motored to Davenport.

Mr. and Mrs. Cecil Welch of Stones River, Tenn., and Mr. and Mrs. W. Wagner of Dixon motored to Davenport, Iowa, Saturday morning for a visit with friends and also on a business trip.

### Entertained.

Mr. and Mrs. Ed. Winders entertained a few relatives at dinner Sunday in honor of Mrs. Winders' parents, Mr. and Mrs. Jonathan Rhodes, the occasion being their 49th wedding anniversary.

### Girls Chorus Meets.

The Girls Chorus of the Evangelical Sunday school will meet for practice for the Easter service, this evening at 8:30 o'clock in the church.

Howard W. Russell and Mary H. Patton, who gave Monmouth as their home, were united in marriage Saturday afternoon at 4 o'clock by Rev. F. D. Stone at the M. E. parsonage. They were attended by Mr. and Mrs. Perry Ward and were guests at the Bernstein home while in Dixon. They made the trip to Dixon in an auto and friends of the young couple are remarking that the affair looks suspiciously like an elopement.

### Motored to Dixon.

Misses Laura Hutton and Edna Dieterle and Messrs Kenneth Stone and Graham Dugdale of Sterling motored to Dixon Saturday and spent the afternoon with friends.

### DON'T USE SOAP ON YOUR HAIR

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain multifid coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Paul Anderson and wife of Polo, Mrs. J. W. Carpenter and Miss Olive Bender of this city, who have been spending the past five months in California arrived home yesterday morning after a very enjoyable trip. Mr. Anderson is suffering from a severe attack of rheumatism and hence the party returned home sooner than had been planned, but all express their pleasure in being among Dixon friends again.

### Entertained at Luncheon.

Mr. and Mrs. Harry Hintz, Mr. and Mrs. Henry Hintz and Mr. and Mrs. Robert Anderson of this City attended the cantata at the Fourth Street church in Sterling Sunday afternoon and were entertained afterwards at a 6 o'clock luncheon at the home of Mr. and Mrs. Joseph Beckingham.

### Motored to Dixon.

Gail Berlin, Budd Simmons, William Lawson, Lyle Everett and Seth Gray of Sterling spent Sunday evening in Dixon.

### Hike Party.

The following young people formed a hiking party to Mason's Ravine Saturday chaperoned by Miss Slothower. Miss Harriet church, Gladys Emmert, Marville Gaffney, Lucile Pearse, Gladys Kenega, Orleans Newcomer, Dora Smith, Messrs. Earl Ryerson, Peter McCoy, Clark Hess, Arthur Altman, Robert Powell, Edward Devine, Emmitt Root and Lloyd Bartholomew.

### For Miss Sui Wang.

A very pleasant gathering greeted Miss Sui Wang at the M. E. church last evening when about a hundred young people gathered at the church and enjoyed a scramble supper. Miss Sui Wang being the honored guest.

At 6 o'clock a reception was tendered Miss Wang, at which time all had the pleasure of meeting the interesting young lady and talking with her, until 6:30 when all were seated at large tables where a delicious repast was enjoyed. Among the guests was Mrs. Nellie Decker Beech, a returned missionary from China.

Later in the evening Miss Wang gave a very interesting lecture addressing the Young Woman's Missionary society on her native land. She is a highly educated young Chinese girl, having graduated from the Northwestern University this year, where she attended school for five years to receive a degree.

A large audience greeted her last evening and were well pleased with her talented address. She displayed a wonderful knowledge and command of the English language and talked unhesitatingly for over an hour, telling of the present changes now taking place in China.

Miss Wang sails for China on April

24 and will take up teaching in the high school at Chia Kiang.

### Mystic Meet.

**Boycott of Fair, Due to Immorality. Ministers' Threat.**

Chicago, March 30.—Chicago having been clean up, presumably, and the morals of its youth—and age—safeguarded to the satisfaction of the ministers, the Chicago Church Federation council, turned its attention across the continent to the moral status of the city by the Golden Gate and found it bad.

The Barbary Coast of crimson fame was denounced by the ministers, and the people of San Francisco were called to account for the alleged reopening of the birthplace of the "bear" dance. A "boycott" of the Frisco fair by the "Christian people of this country" was threatened if the "Coast" is not closed, locked up and the key tossed into the Pacific.

## A CHANCE TO PROGRESS.

In the township election April 6th the voters of Dixon township will have an opportunity to give this township a boost up the ladder of progress. To do this they must vote favorably on the two bond issues—pavement to the state colony and on the Lincoln Highway.

When the negotiations for the location of the state institution were closed, Dixon agreed to pave the road from the depots on the south side of the river to the administration buildings of the colony. The road has been paved (or the work has been contracted for) from the depots to the city limits. This is as far as the city authorities can go. It is now up to the citizens of the entire township, city as well as country to cast the vote that will fulfill the agreement in its entirety. We do not believe the people of Dixon township will go back on their pledge. They will do this thing, which is small in comparison to the value received. Dixon could ill afford to repay the favor done her by the state by such a miserly action as refusing to pave the road as it was promised. So much for the colony road.

The Lincoln Highway is the longest and greatest roadway in the world. It reaches from New York to San Francisco. It is a monument to the greatest American statesman. It is and will be traveled by thousands and thousands of persons every year. When it is completely paved from end to end (which it will be some day and the day is not far off) it will be added to the short list of the real wonders of the world. It will be the greatest artery of travel by road vehicle in the United States. And Dixon is on this Lincoln Highway.

We do not appreciate the honor and value of our location on this great transcontinental road at present. Some day we may, or the future generation may.

We venture to predict that with the marvelously increasing use of automobiles, the ultimate lowering of the cost of operating such vehicles and the resulting increase in their use in trade, that the location of the Lincoln Highway through Dixon will in time mean as much to this city as the location of a new railroad through here would.

The Lincoln Highway, great as it is, would never be successful did not the individual committees along its route have enterprise enough to improve it, pave it and make it beautiful. High-minded and public-spirited citizens of the United States have evolved the idea and have mapped out the plan. They have done a wonderful work and service to the nation in promoting the scheme. They have done all this without financial reward. They can go no further.

It is now up to the cities, towns, townships, counties and states along the route of the great highway to do the real work if the plan to reach its intended materialization. The roadway itself must be made smooth and inviting to travelers—and then the Lincoln Highway will be a success.

It means as much to Dixon to have this highway become real as it does to any other community along the way. Dixon must do its share, and now Dixon has its opportunity.

If the voters of Dixon township vote for the \$50,000 bond issue to pave the Lincoln Highway from one township line to the other, Dixon will have done its share and will be through for all time. Nothing more can be asked of Dixon than that, and the improvement will be a permanent one. Other cities along the way are doing it. Is Dixon intending to sit back and have the other parts of the highway paved while its own stretch of the road remains an undulating piece of worn-out macadam? A dark blot on the memory of Lincoln Way travelers? Are we going to accept the benefits of the Lincoln Highway without giving something in return? We hardly believe the voters of Dixon township are that sort.

Most of the road which would be paved by the Lincoln Highway measure is in such a deplorable state of repair that a goodly portion of the sum asked in the bond issue would have to be spent on it anyway, and immediately if the bond issue fails. Why not spend enough more to make it permanent and right?

## THE JITNEY BUS OUT OF FAVOR.

The "Jitney Bus" craze hit Davenport a few weeks ago and the jitney bus operators have been getting themselves disliked because of their number and activities. A day or so ago a jitney ran into a man and killed him, and another jitney tried to run on the same track with a street car, and came to grief. Now Davenport wants to know how to get rid of the jitneys.

## SPRING SICKNESS.

This is the season when the blood, according to the learned physician, is thick and flows as slow as mud, which puts a man in bad condition. Spring sickness is a fell disease, according to our time-worn notions, and, having it, the victim flees, to blow himself for dopes and potions "I have to thin the sluggish stream" he says, "which through my system passes; it's thicker now than cheap ice cream, and flows like New Orleans molasses." From all spring ills he'd have release, if he would tramp his potions under, and get a jar of Elbow Grease, the medicine that's cheap as thunder. To go out doors where breezes blow, and tinker round to beat the dickens, would make a lot of ailments go, and thin the blood that water thickens. Instead of taking pale pink pills which are designed for purple parties, go, plant the spuds in shallow hills, and you'll be feeling fine, my hearties! We are too fond of taking dope, while in our easy chairs reclining, when we should shed our coats and slope out yonder where the sun is shining.

## YOU CAN'T BRUSH OR WASH OUT DANDRUFF

The Simplest and Quickest Way is To Dissolve It.

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you want to preserve your hair, do by all means get rid of dandruff, for nothing destroys the hair more quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everyone notices it. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

## INSURANCE LECTURE AT MEN'S CLUB MEET

SEC. ANDERSON OF INSURANCE FEDERATION SPEAKER AT Y. M. C. A.

There was a good representation of members at the meeting of the Men's club Monday evening at the Y. M. C. A. rooms. A fine spread was furnished by the Ladies' Auxiliary at 6:15, and following the meal a twenty-minute talk was made by Frank H. Anderson, secretary of the Illinois Insurance Federation.

Mr. Anderson is a fluent talker and made a general discussion of the insurance business, endeavoring to enlighten his hearers on the manner in which the business is conducted. He spoke on what the basis of rates as charged by the companies and the manner it was ascertained. He referred to the question of the state ownership of insurance companies of which State Insurance Superintendent Potts is a strong advocate, and argued that the insurance companies now give value received and live up to their agreements as made in their contract with the insured.

The club will hold one more meeting this spring, probably in April, at which it is hoped to get some prominent man to address the club.

## Dramatic Notes

### FAMILY THEATRE.

The twelfth episode of the Exploits of Elaine, featuring Arnold Daly and Pearl White, will be shown at the Family this evening; a comedy entitled "The Home Coming of Henry" and a three reel subject called "The Attorney for the Defense," which is one of the most intensely interesting subjects ever shown here. It deals with Frederick Stanton and his one great desire to become a great criminal lawyer, for his success and punishment. This is one of the most ably selected programs seen here in many a day.

### AT OPERA HOUSE.

"Where the Forest Ends" tells the story of a girl who, although led astray, finds her faithful sweetheart, unlike most of mankind, is willing to take her back.

"His Last Serenade" is an unique drama, absolutely new, a Leammie picture released about the middle of the month. This is the first Leammie drama and is sure to be a winner, especially with Frank Lloyd in the leading role.

"Merry Mary's Marriage" is the comedy, one of the screaming L-Ko's that sends everybody home lighthearted and makes them forget their troubles.

### PRINCESS THEATRE.

Tonight the Princess has a two reel feature entitled "The Girl Who Might Have Been," a Kay-Bee feature with Frank Borzage and Leona Hutton in the leading roles, a story wherein a dance hall girl proves her gratitude to her benefactor. The other pictures are a Keystone comedy, "A Lucky Leap," one of the best comedies ever put out by this famous company, and an American drama, "Competition," with Harry von Meter and Vivian Rich in the leading roles, a humorous rural romance.

### JULIAN ELTINGE AND "THE CRIMOLINE GIRL" WILL LEAVE CHICAGO IN A FEW WEEKS

The highly successful engagement of that famous and popular star, Julian Eltinge, in his amusing comedy, "The Crimoline Girl," is drawing to

a close at the Olympic Theatre, Chicago, and it is suggested that all who have not seen this unusual artist and his interesting play, do so without delay.

Julian Eltinge will not be seen in "The Crimoline Girl" in any other city in this vicinity, as his route takes him direct from Chicago to San Francisco, where he will appear in the same vehicle at the Panama-Pacific fair.

The Eltinge wardrobe of dashing gowns always form an important detail in his productions. This season his feminine raiment defies description. The dresses and wraps in which he appears while posing as a woman detective mark absolutely the last word in art of the Parisian dressmaker.

The prices are admirably suited to the convenience of out-of-town patrons, and the popular Wednesday matinees, with no seat over \$1.00 are being taken advantage of each week. Julian Eltinge's engagement at the Olympic is limited and will positively end in four weeks.

### GARRICK THEATRE, CHICAGO.

"Robert B. Mantell will be seen at the Garrick theatre, Chicago, for a two weeks' engagement beginning Easter night, April 5th. The Shakespearean and classic dramas to be presented include "Macbeth," "King John," "Romeo and Juliet," "The Merchant of Venice," "King Lear," "Hamlet," "Richard III," "Louis XI," "Othello" and "Richard III." This repertoire is the most difficult as well as the most extensive that has been presented by any American actor since the days of Edwin Booth, and Mr. Mantell's success in the interpretation of these great roles has led to his recognition, by veteran critics all over the country whose memory extends back to the days of the old tragedians, as the foremost actor now on the new world stage.

Mr. Mantell's manager, William A. Brady, one of the few producers in modern times, who have had the courage to put Shakespeare in direct competition with modern dramatists, has supplied Mr. Mantell with scenic equipment as elaborate as that lavished on musical comedies. But he and Mr. Mantell have used great discrimination in building their productions, making the scenery poetically suggestive of Shakespeare's text. The scenery of "Macbeth," including the weird pictures of the blasted heath, is an excellent sample of their work.

This engagement will undoubtedly

be the only opportunity, for some years, that lovers of Shakespeare will have to enjoy the plays of the master dramatist. Mr. Mantell will not again visit Chicago for several seasons and at the present time he is the sole exponent of these dramas now appearing on the stage. The management therefore urges an early reservation of seats. Mail orders are now being received.

## BURBANK NEVER HAD LESSON IN BOTANY

(Continued from Page 1.)

Not a square one, which would not fall off a knife; that was just somebody's joke. No, what was wanted was a small pea, as small as the French petit pois, and very sweet, and all ripening at the same time. I said that I would try to accomplish it in California in six years. The work was accomplished and the goods delivered in three years, for two crops can be raised each season. Of course prejudice also has to be overcome in finding a market which will make the results of our experiments useful and profitable. When I first came here two of my brothers were engaged in raising red potatoes. I proposed to introduce a white potato, but both assured me I might save myself the trouble as nobody wanted it. I found a purchaser for the new potato and today apart from the enormous consumption in the states, a literally tremendous export trade has grown up from the now well known potato. From one town, Stockton, Cal., alone, 6,700,000 bushels of the Burbank potatoes are exported annually.

"Plants are like people," Mr. Burbank went on. "They enjoy distinctive individualities and the great factor to be seized upon is their adaptability. Once it was believed that species were governed by immutable law I have demonstrated that by a process of selection the original tiny cob of the Indian corn (teosinte) can be expanded into the great ear of corn grown today. This result was produced by selection alone. I have also produced a cherry which in the markets of Philadelphia and New York sold as high as \$31 per 10-pound box, which is just 10 cents per cherry. Once he added with a quiet chuckle, "in the course of some experiments, I so reduced the shell of a walnut that the birds ate the meat and I was compelled to harden it again."

With all his wish to make light of his own achievements, Mr. Burbank was compelled to admit that it required something more than mere eyes to carry on the work of selection. You must know all the signs of the plants, individual fitness and then, over and above all that, you must have the faculty which realizes the utmost fitness. "I myself," he added, "walk along the long rows of plants with a man on each side of me and then when I want what catches my eye, I have it designated by a piece of cloth. "The most obvious thing about the plants is that the variations attained at the process of improvement tend to become permanent in proportion to the length of time they are under cultivation. Wheat for instance has been grown for centuries all over the universe, so that the expectation is that

it will grow under many varied conditions. Take a plant, however, from the desert, train it by a process of selection into manifesting capabilities never seen in its original circumstances, and it will develop just as long as it is subjected to its new condition. The untutored intelligence of the Indian may develop plants up to a certain point, but there is no limit known to the development of plants in the man who understands and loves.

"How do I mean to learn the secrets of plants? Oh, just by observing them. They are like people, you know. They have their likes and dislikes, and as you get to know them, you learn to appreciate these. Of course much of one's ability to understand is summed up in an innate power of judgment. When you are filling a vacancy in a business office you may, among a lot of applicants, see one who you may be quite sure will fill the position acceptably. Plants are just like people. One likes heat and another likes cold; one thrives in the desert, another in a garden, and the possibilities which lie in the recognition of all this are unlimited."

## STERLING PAPER PRAISES DIXONITES

STANDARD EXTOLS SINGING OF METHODIST CHOR THERE SUNDAY.

Sterling Standard; Music hath charms, magical and alluring, no one can doubt it who was present at the concert at the Fourth Street church yesterday afternoon given by the choir of the Dixon Methodist church. Doors were open at 3:30 and people came streaming in until at the hour of beginning, an audience had assembled which overflowed the big auditorium, numbers being turned away, unable to find seats.

The program given was in every way worthy of the splendid audience and was thoroughly appreciated by all present. While the congregation was assembling Miss Bessinger gave a number of organ selections. The service opened with the singing of "All Hail the Power," by choir and congregation, and after a prayer by Rev. W. B. Doble, a baritone solo was sung by Mr. Robert Anderson who showed a voice of wonderful strength and sweetness. Then came an address by Rev. F. D. Stone, pastor of the Dixon Methodist church, which was one of great eloquence and impressiveness and presented Christ as the world's hope.

Following this was a cantata of "The Prodigal Son" given by the choir of 35 voices under the direction of Mrs. L. E. Edwards, with Miss Mary Hintz presiding at the organ. This musical offering was one of great beauty and dignity, interpreting the greatest of all literary gems, the Parable of the Prodigal Son in a striking and impressive manner. The chorus work was given with a melodious smoothness which showed efficient and careful training. The solo work brought to the front among whom were Mr. E. T. Bailey, Mrs. H. W. Harms, Mrs. Lee Read and Miss Bertha Bennett.

At the close of the concert, the choir were entertained at a dainty luncheon in the parlor of the church by the committee on church music and their wives, consisting of Mr. and Mrs. Hostetter, Mr. and Mrs. A. T. Scovill and Mr. and Mrs. F. E. Fike. Mrs. Hostetter had charge of the luncheon arrangements and was assisted by the other ladies of the church.

A return visit will be made in the near future by the choir of the Fourth street church and pre-

parations have been already undertaken by the Dixon people to give a welcome to the visiting choir as fine as they say that they received from the Sterling people.

### WHALEN FUNERAL TOMORROW

The body of Miss Mary Whalen arrived here today on the 1:05 train, and was taken to the J. F. Keyser home on Spruce street, where the funeral services will be held tomorrow morning at 7:30 o'clock, followed by services at St. Patrick's church at 8 o'clock.

## Cut 3-4 Off YOUR FOOD BILL

Stick to bread. That is the advice of Dr. Wiley, food expert. He says there is more energy in a pound of bread than in a pound of meat. Costs only one-fourth as much, too, if made from ZEPHYR FLOUR.

WASHINGTON, Jan. 9.—Dr. Harvey Wiley, the pure food expert, today issued a warning against the curtailment of bread eating should the price be advanced. He said: "There is a popular fallacy in favor of meat. Meat contains 80 per cent water and costs 25 cents a pound. Bread is only 40 per cent water and costs 5 cents a pound. There is more energy in a pound of bread than in a pound of meat. Hard workers need bread more than meat. If the cost of flour makes bread rise, cut down on the meat."

food than meat at a cost of less than 4 3/4 c lb. Isn't that about the biggest food value you know of.

No need to worry about advancing prices if you choose highly nutritious foods instead of highly priced ones. When ZEPHYR FLOUR costs less than 4 3/4 c a pound, it doesn't take much figuring to beat this high cost of living thing.

### NERVOUS DYSPEPSIA, GAS OR INDIGESTION

"PAPE'S DIAPEPSIN" SETTLES  
SOOR, UPSET STOMACH IN  
FIVE MINUTES.

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders for many months. It belongs in your home.

### ASK RECEIVER FOR RAILROAD

Georgia and Florida Unable to Meet Its Debts, Says Application.

Augusta, Ga., March 30.—W. R. Sullivan and H. R. Warfield of New York and J. M. Wilkinson of Valdosta, Ga., were appointed receivers of the Georgia and Florida railway, on joint application of the Baltimore Trust company and officials of the road before Superior Court Judge Hammond. The petition said the railroad had not paid the interest on the bonds since May, 1913. The action is described as friendly.

Wilson Lauds Americas' Union.

Annapolis, Md., March 30.—President Wilson, speaking at a luncheon in his honor on board the Argentine battle ship Moreno here, predicted that "we are rapidly approaching a day when the Americas will draw together as they have never drawn together before and that it will be a union not of political ties but of understanding and mutual helpfulness."

### GIRL SAYS SHE SUE WRONG MR. OSBORNE

But Victim of Mistake Shows  
No Compromising Humor.

New York, March 30.—Miss Rae Tanzer, who filed a \$50,000 damage suit against James W. Osborne, former assistant district attorney of New York, went on the arm of a new lawyer to the office of United States District Attorney Marshall, and said she was mistaken in identifying Mr. Osborne as the man who courted her under the name Oliver Osborne.

James W. Osborne appeared at the office of the district attorney and discussed the statement of Rae Tanzer that she had mistaken his identity in accusing him.

"You might as well try to get fogs off a thistle bush as to get money out of a lawyer," Mr. Osborne said. "It can't be done. I am exceedingly glad that Miss Tanzer is making this statement. I have heard it said that she has exonerated Slade & Slade. This is ridiculous. She can't exonerate Slade & Slade. What she says makes no difference; she said I was the man she knew, for example."

"I gave Slade & Slade every opportunity to prove they were mistaken before they brought any action, and furnished them with all sorts of proof."

### MRS. BURKHAM WINS SUIT

Contestants of Campbell Will Fail to Prove Beneficiary Is Foundling.

St. Louis, March 30.—The circuit court holds that Mrs. Lois Ann Campbell Burkham is the daughter of the late James Campbell of St. Louis, whose will leaving his estate in trust for St. Louis university and to be given that institution after the death of his wife and daughter has been contested by children of his brother John of West Virginia on the ground that Mrs. Burkham is a foundling and not the legal daughter of Campbell. The court appointed J. S. Leahy administrator during litigation instead of the Mercantile Trust company named in the will.

As the question of her parentage was the backbone of the suit to break the will it is expected the suit will collapse.

John Crowell Is Dead.

New York, March 30.—J. Foster Crowell, the engineer who laid out the grounds for the centennial exhibition in Philadelphia in 1876 and who took part in the original government surveys for an inter-oceanic canal, died at his home in Flushing, after an illness of several weeks. Mr. Crowell underwent an operation some months ago.

### HOLD INDIANA FRAUD WITNESS FOR PERJURY

Terre Haute Election Clerk Is  
Accused by Prosecutor.

Indianapolis, Ind., March 30.—William Davern, a witness for the defendant, Fred Morrison, in the Terre Haute election fraud trial in the federal court, was held to the federal grand jury on the charge of perjury after he had completed his testimony. Judge Anderson fixed his bond at \$5,000.

District Attorney Dailey made the request after Davern, who was the Democratic election clerk in the precinct in which Morrison served as inspector, testified that there was no repeating to his knowledge and that Morrison had not worked the lever of voting machine. He also denied that he knew that ninety-one names not on the registration books had been voted or that forty-one names and registration numbers had been voted twice in the precinct, as Mr. Dailey contended the election records show. Mr. Dailey said the witness had contradicted at least twenty government witnesses.

### Rupture

DR. M. H. BROWN

Has Returned From His New York Office and Will See His Patients at the

DIXON INN HOTEL, DIXON, WEDNESDAY, MARCH 31

From 8 a. m. to 2 p. m. Sharp.

All who are ruptured are invited to call. Twenty-four years' experience, over 80,000 examinations of ruptured people, over 4,000 patients in Illinois to refer to, Dr. Brown is recognized as the greatest expert in America on the Mechanical Treatment of Hernia. Let him strengthen your weakened muscles and cure your rupture. Examination free. Remember, large ruptures were once small, hence the sooner you begin treatment the quicker a cure can be effected. If you must wear a truss for comfort and safety, wear a

### THE WUNDERTRUSS

Without leg straps, elastic bands or steel springs, guaranteed to hold after all others fail and much easier than other trusses. Sixty days' trial. Endorsed by thousands, many in this city. No experimenting, no guesswork. Call or write for book and future dates to 45 W. 34th St., New York City.

### "SYRUP OF FIGS" FOR CONSTIPATED CHILD

DELICIOUS "FRUIT LAXATIVE"  
CAN'T HARM STOMACH, LIVER  
AND BOWELS.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

### WAR VETERANS MET.

The regular monthly meeting of the United Spanish War Veterans was held last evening at 8 o'clock at Armory hall.

### BROKE ARM MONDAY AFTERNOON

Max Gerdes, who resides north of the city, suffered a fractured arm Monday afternoon when attempting to stop a team which was running away with a manure spreader he fell under the vehicle. He was brought to the city where his injuries were reduced by a local surgeon.

### JUNIOR CHOIR SINGS.

The Junior choir will lead in the special holy week services being conducted this week at the Lutheran church. Miss Irene Eichenberg is the conductress of the choir.

### VISITED COUNTY HOME SITE

A number of out-of-town contractors on Monday visited the site of the new county home near Eldena to look over the ground previous to submitting bids on the erection of the building. The board of supervisors will hold a special meeting Friday of this week at 2 p. m. at which time bids will be opened and the contract will be awarded.

### RETURNED HOME

Miss Veo Dempsey, who was operated upon a few weeks ago at the hospital, and who for the past ten days has been at the Burke home on Second street, was able to return Saturday to her home in Marion township.

## SUMMING UP THE EVIDENCE

MANY DIXON PEOPLE HAVE BEEN CALLED AS WITNESSES.

Week after week has been published the testimony of Dixon people—kidney sufferers—backache victims—people who have endured many forms of kidney, bladder or urinary disorders. These witnesses have given Doan's Kidney Pills. All have given their enthusiastic approval. It's the same everywhere, 30,000 American men and women are publicly recommending Doan's—always in the home papers. Isn't it a wonderful convincing proof? If you are a sufferer your verdict must be "Try Doan's first."

Here's one more Dixon case. W. H. Gillespie, 711 Nachusa ave., Dixon, says: My back often gets so lame and sore that it is painful for me to stoop over. I have headaches and dizzy spells; whenever any of these attacks come on, I use Doan's Kidney Pills, and they promptly remove the pain in my back and relieve the headaches and dizzy spells. Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gillespie had. Foster-Milburn Co., Props., Buffalo, N. Y.

Attorney Charles B. Morrison came out from Chicago for an over Sunday visit with his family.

## CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream to your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffy with a cold or nasty catarrh—Relief comes so quickly.

Hardwood Floors  
Add Selling Value

To a house more than anything else you can put your money into. The women folks know such floors cut down house work and are sanitary. Our stock comprises the cream of America's flooring factories and we have it in Maple, Birch and Oak. Any of these woods are desirable as they all take a high polish and hold it. Whether you are building new or just recovering old floors, you should investigate our prices and flooring before deciding on the kind of floor you will have.

ANGELES NEW  
MEXICAN HEAD

Former Diaz General Latest Selection of Villa and Zapata.

## U. S. TROOPS SENT TO BORDER

Situation at Brownsville, Tex., Becoming Serious, Says Funston—Wheeler Turn in Mexico City and Obregon is Moving Back on Job—British Ambassador Makes Complaint.

El Paso, March 30.—General Felipe Angeles is to be named provisional president of Mexico by the convention representing the Villa-Zapata factions, which will meet in Mexico City in the course of ten days. With the naming of Angeles a supreme effort to secure recognition from the United States will be made. This is the information brought from Mexico City by persons who are close to the convention government.

According to the plan now being carried out Roque Gonzales Garza, who was the last provisional president appointed by the convention and who has retained his position to date, will be retired, Villa at the same time renouncing his claims to the dictatorship of that portion of the country under his control.

Angeles is a former Diaz general. Commissioners X. F. Gehant, B. F. Lane and B. F. Johnson of the Inlet Swamp Drainage district and engineer C. F. Nesbit went to Lee Center this morning.

## SUBMARINE SUNK BY COLLIER

Captain of Thor's Gets Prize as First to Send Her to Bottom.

London, March 30.—The British collier Thor's gets the \$2,500 offered by the Syren and Shipping Gazette for the British vessel which should be the first to sink a German submarine. After an investigation the admiralty declared the claim of the ship's captain that he rammed a submarine which was sinking to torpedo him was sustained.

The hull of the Thor's showed where she had hit some object underwater.
